**CONDITIONS OF SALE:** The information contained herein is believed to be accurate and reliable. Buyer and user acknowledge and assume all liability resulting from use of this material. Follow directions carefully. Timing, rate, and method of application, weather and crop conditions, mixtures with chemicals not specifically recommended on this label or any accompanying written recommendations are beyond the control of Seller. Buyer assumes all risks of use, storage and handling of this material not in accordance with directions given herewith. Information received by the Washington State Department of Agriculture regarding the components in this product is available on the internet at <http://agr.wa.gov>.

**COMPATIBILITY:** May be mixed with water to improve application coverage. Agitate as needed. Perform a jar test before mixing large quantities if compatibility is in question.

## DESCRIPTION

Amend MD is a probiotic formulation designed to accelerate biological activity, breakdown accumulated toxins, and return soil to its natural organic state. This concentrated, non-toxic product prepares and promotes healthy soil for optimum plant root growth and subsequent healthier plant development.

## BENEFITS OF USE

- Quickens microbiological activity to naturally breakdown residual chemicals in the soil into harmless substances such as carbon dioxide and water
- Stimulates and builds humic acid beneficial to nutrient conversion

## APPLICATION RECOMMENDATIONS

Shake Well Before Using

.....Apply 1 to 2 quarts per acre

Application rates and timing may vary according to individual crop needs, prior fertilizer applications, and soil type and conditions. Applications should be made in cooperation with a MAP representative or other agricultural specialist.
